

The Purple Mash Games Design Competition, in conjunction with Amazon Web Services, is an opportunity for you to be creative by designing a brand-new game using 2DIY 3D. This competition has been created to help schools meet elements of both a STEM education and the National Curriculum. STEM is an ever-growing area for future careers; enthusing young learners in this area could be beneficial to their futures, as well as fun.

**There are 3 categories for competition entries:**

1. Family category - Design a game with your family (Win a gift voucher to any Merlin Group Attraction!)
2. Individual Child - Design a game by yourself (Win a £50 Amazon gift voucher)
3. School group - For children of essential workers taking part in school (Maximum of 5 in a group who will each win a £20 gift card with the school winning a one-year free license to Purple Mash)

**Programmes to use:**

- 2DIY 3D - Design and make your game using 2DIY 3D combining different Purple Mash tools.
- 2Sequence - Compose music and import compositions into other Purple Mash tools
- 2Paint a Picture - Explore pattern, texture and artistic styles
- 2Beat - Create a multi-layered percussion rhythm

**How to enter:**

In order to submit your final game, you need to share your game to the display board for the category you are entering

You can save and edit your work as often as you like **BEFORE** submitting your work - once you submit your work it is completely finished and cannot be edited again.

**Terms and Conditions:**

You will have until 26<sup>th</sup> June 5pm to submit your entry.

Do not include names or other personal information in your entries as they won't be accepted or displayed.

To find out more information and to access the required programmes click on the game design competition picture on the left-hand side of the home screen of purple mash. Here you will find user guides and support.
