

## 101 Things to Do to Boost Your Wellbeing

At Oakley Vale Primary School, we understand that wellbeing is vital to being healthy and happy. Below is a list of 101 things to do to boost your wellbeing. We challenge you to tick off as many numbers on this list as possible. In doing so, you will be creating healthy habits such as self-reflection, mindfulness, gratitude and self-love. Some of the things on the list will take time and others you will be able to complete faster. Some of the things can be completed daily whilst others are more special and are only needed on rarer occasions.

Let us know what number you are working on or which number(s) you have completed by tweeting @OakleyValePri and using the hashtag #OVPSwellbeingboost – don't forget to include a picture!

We can't wait to see your journey!

1. Complete this list:			
2. Tell someone you love them.	3. Ask someone how they feel.	4. Go for a long walk.	5. Learn a new skill.
6. Watch the clouds.	7. Tell someone how you feel.	8. Accept that 'no' means 'no'.	9. Make up a dance routine.
