

Year 4
wc 18.1.21

Curriculum

Learn all about circuits in our Science-based curriculum lessons this week, and find out about Benjamin Franklin's important electrical discovery in our English lessons. Both of these will help you with our topic.

In RE, find out about all the different symbols that Christians believe represent the Holy Spirit.

Creative

Continue to look at Giacomo Balla's *Street Lamp* piece of art work. Can you have another try at replicating it but using different media? You could be adventurous and try chalk or paint. If you don't have art supplies, try using a normal writing pen.

Reading

This week's extract is from *Goodnight, Mister Tom* by Michelle Magorian. Follow the activities on the timetable. To listen to a story, copy this link and scan the QR code.

English

You will be learning all about Benjamin Franklin and why he is important to our topic of electricity. You will also have the opportunity to become a journalist and write your very own newspaper report.

Maths

We will be continuing where we left multiplication and division before Christmas. This week you will be learning about the 9, 7, 11 and 12 times tables. There are plenty of songs and games for you to join in with and also some true/false challenge to help you build your reasoning skills. Have fun!

Music

Have a go at creating your own blob opera, thinking about harmonies and pitches.

<https://artsandculture.google.com/experiment/blob-opera/AAHWrq360NcGbw>

Don't forget to practise your handwriting and kinetic letters poses too!

Science

Learn all about how circuits are structured and draw diagrams to demonstrate this.

PE

Check the school website for an exciting challenge!

Spellings

Information, adoration, sensation, preparation, education, location, exaggeration, concentration, imagination, organisation

Quiz
