

# Create a map of your lunch

Think about what you had for lunch.

Can you draw a map of it?

Example:

The **strawberries** were **red** and **juicy**. The **cucumber** was **green** and **fresh**. The **cheese** was **grated** and **orange**. The **wrap** was **soft** and **filling**.

I felt happy when I was eating my strawberries because I like them. I felt sad when I was eating my cucumber as I do not like it.
