

Write a question as your subheading. Don't forget to underline it.

Where is Kenya?

Kenya is a country located on the east coast of Africa. It is about half way down the continent on what is called the Horn of Africa. The beaches in Kenya lead into the Indian Ocean. How lovely that must be to swim in! The country lies on the equator which is why the country is hot. Did you know Kenya is often hot?

I included an exclamation in my writing to make it more interesting.

I finished with a question to leave the reader wanting to find out more.

I included facts and information from the sheet we read yesterday.

Kenya on a map of Africa

I have included a picture with a caption to accompany my writing.
