

Josh went to the swimming pool with his friend Aaron. They got changed and went out to the poolside to get in. Josh put on his brand-new goggles. They were bright blue with a little picture of a shark on the strap. His Mum had bought them for him as a special treat. When he put them on, Aaron pointed at him and laughed. He said that Josh looked like a frog in his new goggles and started pushing him and shouting "Froggy face!".

They jumped into the swimming pool and then Aaron started splashing Josh in the face. Josh got lots of water in his nose and mouth and was coughing a lot. He asked Aaron to stop but Aaron told him to stop being such a baby and carried on splashing.

Think of 2 ways that Josh could react: one positive, and one negative.
